COFFEECARE NEWS

WELCOME TO OUR JULY EDITION!

This month, we are proud to share the achievements of an extraordinary June, where community health, global collaboration, and lifelong relationships took center stage.

In this edition, we highlight the meaningful results of our recent medical and dental outreach campaigns, generously sponsored by **Caribou Coffee**. We also share the highlights of our participation in the annual "**Boucon**" convention in the United States, and conclude with an inspiring story of reunion that reminds us that a true calling to serve others never fades.

Join us as we revisit these stories—made possible because of your support.

1

MEDICAL OUTREACH IN HUEHUETENANGO

With a strong commitment to the well-being of coffee-producing families, from June 8–12, 2026, we carried out an intensive week of medical and dental outreach services in Huehuetenango, generously sponsored by **Caribou Coffee**.

One particularly meaningful aspect of this year's outreach was that it directly benefited communities where **Coffee Care** also works alongside other strategic partners.

This collaboration demonstrates that when we combine our logistical efforts, the impact multiplies exponentially, providing broader and more effective healthcare support to even more families.

**General Medical
Consultations**
320 patients
served

236 women
84 men

Dental Mission
174 patients
served

203 dental treatments
provided, restoring healthy
smiles throughout the
community.

2

BOUCON, A VERY SPECIAL PARTICIPATION

In June, we had the honor of being invited to participate in "**Boucon**", the prestigious annual national convention of our partner **Caribou Coffee** in the United States.

This remarkable event brought together more than 500 company leaders, store managers, and district managers, providing the perfect opportunity to share firsthand the realities of the Guatemalan coffee-growing communities we proudly support at origin.

Presenting our work in person created a unique opportunity to strengthen the human connection between those who lead Caribou Coffee stores and the coffee-producing families of Huehuetenango.

By sharing real stories of health, education, and personal growth, we reminded everyone in attendance that the more than 20-year partnership between **Caribou** and **Coffee Care** is built on empathy, transparency, and shared impact.

3

POSITIVE STORY A Reunion with Martita

True community sustainability is built on lasting human relationships. The medical outreach sponsored by **Caribou** gave us one of the most heartwarming moments of the year: a reunion with our dear Martita.

For more than 20 years, Martita served as the dedicated nurse at El Paraíso Clinic in La Libertad.

Although the project in that community officially concluded and she returned to live in her hometown more than a year ago, her unwavering commitment to serving others has never changed.

When she learned about our new community medical outreach, Martita did not hesitate to join the team once again. She generously contributed her invaluable clinical experience, genuine compassion, and deep knowledge of the local community.

Her support became a source of trust and comfort for patients and reminded all of us that, at **Coffee Care**, we can provide the tools—but it is the love and dedication of people that truly drive lasting change.

Thank you, Martita, for continuing to inspire us.
